September 2009 Newsletter

Parents,

I hope this newsletter finds you in good spirits. With school and soccer in full swing, I am certainly now on the move! With the season a week away, I wanted to take a moment to share some updates with you.

First, we are again allowing Ohio North to use Bluecreek fields for ODP on Monday nights. For those with players born in 1998 or before, you are eligible to participate in the program for this next year. I would highly recommend the program to all interested players. ODP does take an additional commitment of time and money, but brings together motivated and talented players to train. There is a fall session locally (Sunday mornings in Perrysburg and Monday evenings at Bluecreek). If you can not fit fall into your calendar, I would encourage you to sign up for winter. At the end of the winter sessions, the coaching staff will select players for spring/summer sessions and some will get the chance to go to regional camp. Check out the OYSAN ODP website (<http://www.oysan.org/ODP/odpnews.htm>) for more information and feel free to contact me with any questions or recommendations.

Another upcoming event is the opening of our new spirit store. We have revamped our offerings to make the clothing stylish and practical. The store will be open for short periods of time. The first opening will be September 7 until September 28 and then October 26 thru November 23. You can keep up to date by checking out the website for the store; <http://awsoccer.org/store.htm>.

Finally, the club decided this summer to move to a new online system for player evaluations. We are working with a company called Zoom Reports that really make the process easy and beneficial to all involved. As coaches log in to set up teams, you will be sent an email that has a link for your child. This link will allow you access to view evaluations when they are done. I am very excited with the new process and think it will help continue to improve our player development.

I hope your holiday weekend is relaxing and enjoyable. As always, feel free to contact me with any questions or concerns.

Thanks for all you do,

Brian Billings
